

QUALITY, ENVIRONMENT, SAFETY AND HEALTH POLICY

WORKING ON DEVELOPING BETTER PRODUCTS AND SERVICES TO SATISFY OUR CUSTOMERS, WHILE PRESERVING THE ENVIRONMENT, SAFETY AND HEALTH

This policy is based upon the following principles:

1. **Keeping an integrated Quality, Environment, Safety and Occupational Health Management System** pursuant to ISO 9001, ISO 14001 and OHSAS 18001 standards.
2. **Continuously improving the Integrated Management System and processes**, with a view to improving its efficiency, increasing customer satisfaction, improving environmental performance and protecting the environment while preventing pollution, injuries and occupational diseases.
3. **Ensuring the fulfillment of requirements** set by the customers and by the applicable legislation, as well as other commitments related to products, activities, services and the expectations of the stakeholders.
4. **Identifying, evaluating y controlling safety and security hazards**, as well as **environmental aspects** connected to their operations, products and services.
5. **Establishing Quality, Environment, Safety and Occupational Health Objectives**, whose fulfillment consolidates this policy and our commitment.
6. **Incorporating new products** with a view to meet our customers' needs.
7. **Allocating skilled, qualified and trained staff** to different tasks in the Company, promoting their engagement and commitment to the System and the performance of the organization.
8. **Contributing to training, creating awareness and involving** contractor personnel in issues pertaining to the protection of the Environment, Safety and Occupational Health.
9. **Ensuring the integrity** of data collection and communication.

This commitment will be developed taking into account the expectations of the stakeholders, within the frame of profitability and progress for the Company.
